## INDICATORS

A student's behavior, especially if it changes over time, may be an indicator of distress or "a cry for help". You might be the first person to recognize signs of distress in a student, especially if you have frequent or prolonged contact with them. Trust your instincts if a student leaves you feeling worried, alarmed, or threatened.

### SEE SOMETHING

NVC faculty and staff are in a unique position to demonstrate compassion for NVC students in distress.

Our students may feel alone, isolated, and even hopeless when faced with academic and life challenges. These feelings can easily disrupt academic performance and may lead to difficulties coping and other serious consequences.

You may be the first person to **SEE SOMETHING** distressing in your students since you have frequent and prolonged contact with them.

NVC requests that you act with compassion when assisting students.

### SAY SOMETHING

Students exhibiting troubling behaviors in your presence are likely having difficulties in various settings, including the classroom, with roommates, with family, and even in social settings.

Trust your instincts and **SAY SOMETHING** if a student leaves you feeling worried, alarmed, or threatened!

### DO SOMETHING

Sometimes students cannot or will not turn to family or friends. **DO SOMETHING!** Your expression of concern may be a critical factor.

The purpose of this folder is to help recognize symptoms of student distress and help identify appropriate referrals to campus resources.

## INTERACTING WITH DISTRESSED STUDENTS

If in doubt about the seriousness of the situation the best strategy to support yourself and the other person is to contact Student Health Center at (707) 256-7780, or College Police at (707) 256-7777 for consultation. Act sooner rather than later to prevent uncomfortable situations from escalating into crises or confrontations.

### DISTRESSED STUDENT

- Let the student know that you are concerned about them and would like to help.
- Give them information about counseling at the Student Health Center and offer to walk them over.
- Allow them to discuss their thoughts and feelings, which often helps relieve pressure.
- Avoid offering lots of advice or solutions, but do direct to appropriate service for any specific need.
- Don't be afraid to ask directly about suicide: "Are you thinking about suicide/killing yourself?"
- Stay safe and maintain the boundaries of your professional role. You are not a therapist.

### DISRUPTIVE OR HOSTILE STUDENT

- Ensure the safety of yourself and those present.
- Be calm and non-confrontational to defuse and de-escalate the situation.
- Set limits on inappropriate behavior, such as cursing or yelling. If the behavior persists, notify the student that disciplinary action may be taken.
- Ask the student to leave. Call College Police if there is a safety risk.
- Report incident to appropriate service. See the RESPONSE PROTOCOL for your options.

**SAFETY  
FIRST!**

If you are concerned for your own safety or the safety of another, do not hesitate to call **911** or **College Police at (707) 256-7777**.
